GiacomoCochetti90@gmail.com

28 years old, Italian

Flat 3, 204 Commercial Road, E1 2JT London

Profile

Atypical profile with two bachelor degrees in Psychology and in Computer Science, based in London for 6 years. Psychology is a fascinating field but my interests in computers and development motivated me to choose a professional career in Computer Science. During previous professional experiences I had the opportunity to strengthen my programming skills with languages such as Java and Python, but also in Web Development using Html, Bootstrap and JavaScript. I have also been able to apply my knowledge in Back End development with PHP and SQL.

Professional Experience

11/18 - 12/18 *1 month*	**Markeeing, London: E-commerce website development (University Scope)** - Developing a website for an E-commerce marketing platform - Front and back end tasks, mostly using PHP and JavaScript languages
10/17 - 10/18 *1 year*	**Real Media Now, London: Advertisement platform development (University Scope)** - Provide and integrate AdSense and Adware to applications using basic skills of C+
01/17 - 07/17 *7 months*	**TV-Show-Time, London (University Scope)** - Helping a mobile app development company to create an app that optimize the way an user can follow TV series using SQL Lite and Android Studio
09/12 - 01/13 *4 months*	**Hospital Kings College, London** - Helping patients before the Psychiatric care recovery
02/11 - 09/11 *7 months*	**NYS Psychiatric hospital, New York, (1050 riverside Dr.)** - Providing basic Physiological support to citizens in need - Volunteering in ambulance cars and alongside paramedics, day-time and night-time shifts
10/10 - 01/11 *6 months*	**Sant'Orsola hospital, Bologna, Italy** - Internship assisting doctors on psychological assessment and engaging with patients
06/10 - 08/10 *2 months*	**Volunteer - Caritas (Healthcare Charity), Fermo, Italy** - Providing food, basic healthcare, and children's homework support to disadvantaged people.
01/08 - 08/08 *8 months*	**Hardware Technician - Computer Union, Fermo, Italy** - Providing help on repairing computer hardware and advice on computer, such as setting and running the zero-bias calculation

Education

2014-2018	**London Metropolitan University - Computer Science Bachelor Degree** - City tourist guide app for Android: Design and realization of an android app intended for tourists visiting my Italian hometown (Fermo) - Final project: Design and realization of an e-commerce website for DVD movies and gadgets
2009-2011	**Università di Bologna Alma mater**, **Bologna, Italy** - Psychology Bachelor Degree
2004-2009	**Liceo Scientifico T. Calzecchi Onesti, Fermo, Italy**: Maturità Scientifica (eq. UK Science A-levels)

Skills
